

Vivotek *IP Surveillance System*

Network Camera IP3111/3121

Vivotek's IP surveillance technology offers more future-proof and cost-effective solutions to help you migrating from analog to digital in a smooth way. Connecting to a network or modem, our digital compression technology ensures the lowest bandwidth requirement without sacrificing image quality. Vivotek's IP3111/3121 network cameras are implemented by a DSP, which provides the most professional embedded system ideal for transmitting multimedia streams over existing IP network.

Features

- High performance and fully configurable MPEG4 compression
- Optimal synchronization of audio and video
- Built-in CCD and extension for auto iris lens
- Built-in web server for global access
- Motion detection with 3 sensitive windows
- Remote PT scanner control
- Pre/Post alarm snapshots
- Remote control for sensor and alarm
- WAN support via external modem
